

Grain Augers

T Series Top Drive

Model T1032 Truck Fill

Moving the Nation's Grain...

T Series Features

All 'T' Series are Top Drive

T10 Hopper features a removable hitch with sturdy transport latch and replaces the standard plastic hopper for a faster, easier loadout.

T10 Hopper wheel with guide handle for easy transport

Heavy duty clevis hitch with easy 2-pin removal for hopper attachment

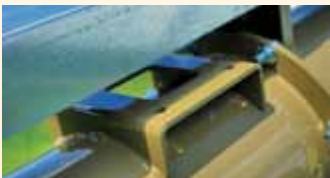

Long service life greasable, lower intake bushing assembly

Other Features:

- Powder Coat Plus™
- Iron Edge Plus™ Flighting – Up to 50% thicker than regular flighting throughout entire auger
- Tapered bearing gearbox
- Gearbox can be mounted for PTO on either side of auger

Sealed drive shaft bearings

Gearbox mounts for easy transition from PTO to electric

Deluxe rims with **new** 13" Highway rated tires

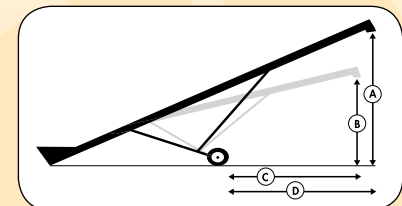

High-quality brake winch lowers and raises the auger

Top drive chain cover and lubrication housing features double-tapered bearings
